

We are monitoring for any changes and are updating this information as frequently as possible

Dear Patients,

At this time, early in the vaccine distribution cycle, we do not expect to be administering Covid-19 vaccines in our office. Vaccine distribution will be managed at the County level and by large medical organizations. Some of these entities are, or will be, allowing patients to register for the vaccines through their websites. We recommend you sign up for the vaccine using their tools. Helpful links follow.
